

Amgrow Hose On Lawn Greener

Lawn Greener

Amgrow Hose-On Lawn Greener contains superior levels of nitrogen, both in the quickly available nitrate form and the longer lasting Ammonium Form.

Nitrogen makes grass green and plays a major role in boosting growth.

Lawns with adequate nitrogen show healthy vigorous growth, strong root development and dark green foliage.

This product is an easy to use Hose-On container to eliminate measurement and mixing.

In Brief

- Liquid Nitrogen for Good Green colour on all lawn types
- Easy to use, liquid fertiliser
- Treats up to 200 square metres

HOSE ON LAWN GREENER

ANALYSIS (w/v)
